ROCK YOUR PASSION

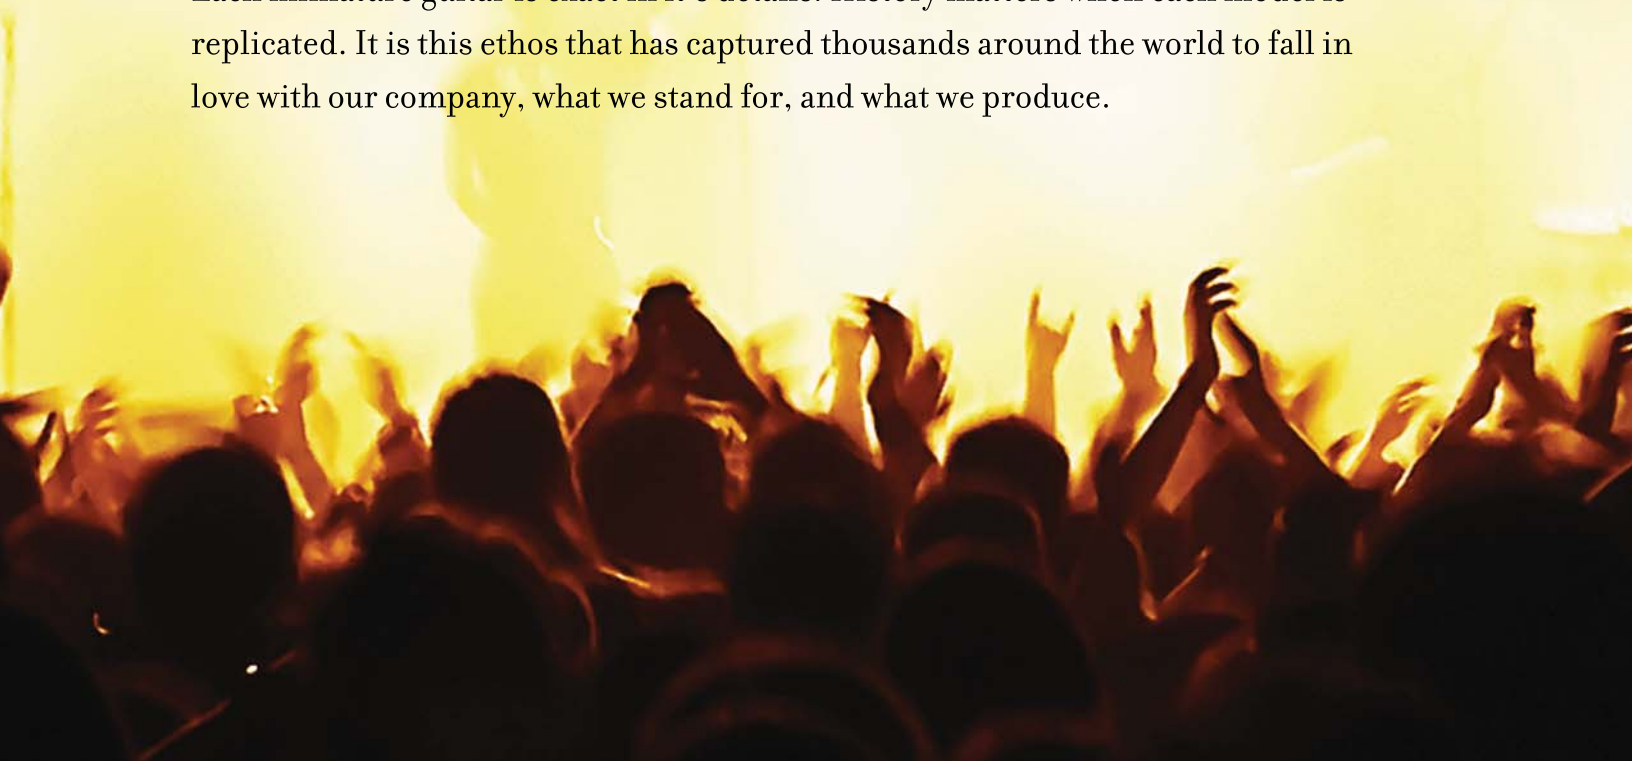

About our company and how
we can work together to
bring your vision to life.

ABOUT US - AXE HEAVEN®

Our company name 'AXE HEAVEN' is broken down into two words. The first, "AXE," is slang for a guitar or musical instrument, and dates back to 1955; the second, "HEAVEN," is a realm, either physical or transcendental, in which people who have died continue to exist in an afterlife. Therefore, AXE HEAVEN is a realm where all guitars rest that are no longer played by the musicians that made them famous. We wanted to recreate these famous axes in a miniature form so people can relate to and remember what is important to them. It's our name, and it's our passion. **Rock your passion.**

We love guitars. It's our passion. We wondered, "How can we capture the feeling and affection that is heartfelt into something tangible and uniquely personal?" This search has led us to create AXE HEAVEN®. Through this journey, we've discovered there are crowds out there who feel just as passionate as we do about guitars. We've also discovered there are even more who love music and identify with the guitar heroes they listen to. And many of these fans don't even play, but would love to have something tangible in their possession to represent their love affair with music.

A love affair. That's what it really comes down to. It is this feeling that drives us to produce the best product we can. When you love something, you give it your all. Each miniature guitar is exact in its details. History matters when each model is replicated. It is this ethos that has captured thousands around the world to fall in love with our company, what we stand for, and what we produce.

Working together with passion.

Whether you're a world famous rock star, guitar manufacturer, small business owner or an enthusiast. Please feel free to contact us today about your ideas. Lets work together to bring your vision to life. Rock your passion.
